### MARY-JANE'S STORY

London's first coffee shop was opened by an eccentric Greek named Pasqua Roseé in 1652.

In 2018, another eccentric half Greek, Jon Antoniou founded **Mary-Jane's Coffee** to bring **CBD** infusion to the mainstream by providing a reliable, affordable and great tasting way to take **CBD** daily.

**CBD** is a naturally occurring substance extracted, together with over 100 other nutrients, from hemp plants. If taken regularly with food and/or drink it can support the body's endocannabinoid system which helps maintain your health and balance.
